

TS200-T

Tripod Turnstile

The TS200-T tripod turnstile is a compact and cost-effective entrance control system designed for high-traffic volume. It's made of SUS304 stainless steel which makes TS200-T highly durable.

Features

- SUS304 stainless steel housing.
- Bi-directional tripod turnstile with arm drop function.
- LED pictograms for intuitive user experience and high throughput in both directions.
- Low power consumption.
- Wide range of accessories.
- Easy and simple installation process.
- High quality electrical components.
- Easy to maintain and monitor.
- Ergonomic design makes card authentication fast & simple for users.
- Secure. Supports Anti-tailgating.
- Turnstile and associated access control readers are all factory-tested prior to shipping.
- Provides true plug-and-play turnstiles with the lowest possible total cost of ownership in the industry.
